INSIDE WIRE (IW) INFORMATION

Inside Wire (IW) is that portion of the telephone line that connects the jack at the customer's premises to Frontier's line at a demarcation point determined by Frontier in accordance with orders of the Public Utilities Commission. In most cases, Frontier uses a Standard Network Interface (SNI) as its demarcation point.

IW is considered the property of the building owner. If the building owner is a landlord, he or she is responsible for installing one usable jack per rental unit, for placing and maintaining the IW in good working order, and for ensuring that the IW meets applicable industry standards. **Under state law, residential landlords—not tenants—are responsible for repairs to, and maintenance of, inside wire. You should always contact your landlord before authorizing any repairs.**

Frontier will install or repair IW. We will work with you to determine whether a malfunction in a telephone line is located with your IW or in the Frontier network, and will inform you of your options if it is determined that your IW is at fault.

You are responsible for reporting malfunctions of the telephone line to Frontier. When you report trouble on your telephone line, you will be requested to perform a simple trouble isolation test of the IW at the SNI.

For customers who want to receive the peace of mind that Frontier will handle IW troubles, Frontier offers Wire Care for a small monthly fee. Frontier Wire Care is immediately available to new customers at the time service is installed or after a 30-day waiting period for existing customers. Existing customers may elect to have the plan effective immediately by subscribing to Frontier Wire Care with a one-year commitment and a \$39.99 activation fee (no additional element fees apply).

Frontier Wire Care , per line, per month	\$5.75
Frontier Wire Care Alternative Offer –	
One year commitment, per line per month	\$8.50
One time activation fee (no additional element fees apply)	\$39.99
Early termination fee if you cancel this service in less than 12 months	\$50.00

INSIDE WIRE SERVICES

When you report that your telephone line is malfunctioning, Frontier will ask you to unplug the IW at the SNI and plug a phone that you know to be in working order into the SNI. If you do not have an SNI installed at your location or premise, Frontier will perform the trouble isolation free of charge. If the phone doesn't work at the SNI, the trouble is assumed to be in Frontier's network. At your request, Frontier will arrange for repair as soon as practical, at no charge. If your presence is required, you have the right, in accordance with state law, to a four-hour appointment window, to commence at a mutually-agreed upon time. Be advised that if you decline to perform the test at the SNI, Frontier will perform the test upon arrival. **If the trouble is in your IW, you will be charged \$85.00 for the first 30 minutes or portion thereof, and**

\$42.50 for each additional 30 minutes or portion thereof, for the time Frontier spent performing the appropriate isolation tests, including travel time. This charge will also apply even if you decline to have Frontier complete your repair work.

You have options to repair your IW, you can fix it yourself or hire a provider of your choice. Frontier offers several repair options described below.

For customers without a Frontier Wire Care (maintenance) plan, Frontier will perform one-time repair or related work at rate schedules that vary by day and time. **During regular business hours, Monday through Friday from 8:00 AM to 5:00 PM, repair or related work will be performed at your request for \$91.00 for the first 30 minutes, including travel time. A fee of \$46.00 for each additional 30 minutes or portion thereof applies for the remaining work time. After Regular Business Hours, Monday through Friday from 5:00 PM until 8:00 AM and Saturday, fees are \$180.00 for the first 30 minutes or portion thereof, including travel time and \$90.00 for each additional 30 minutes or portion thereof. Increased rates apply on Sundays and holidays. Travel time is included in determining all billing calculations.**
